## FOURTH STATISTICAL ACCOUNT VOLUME TWO: THE PARISHES OF

*Garvald, Haddington, Morham,  
Prestonkirk, Whittingehame, Yester*

Volume One, published in 2003, surveyed the social, political and economic history, geography, environment and people of East Lothian since World War II. Volume Two deals in depth with six East Lothian parishes, their villages and towns and the daily lives of their inhabitants. There will be a further four parish volumes and a final volume *Growing Up in East Lothian*.

It is now over 200 years since Scotland's first statistical account and over 50 years since East Lothian's third account. Together the three accounts are considered one of the jewels of Scotland and this fourth account aims to set a lead for the continuing study of East Lothian's rich heritage.

The account provides a readable and fascinating social history for the general reader as well as a wonderful reference tool for students and researchers. It contains illustrations and an index and is on sale at £14.95 plus postage & packing as follows:

**UK** 1st class £3.25; **Europe** airmail £4.50;

**USA, Canada, Australia & South Africa** airmail £8.00; surface mail £4.00

*To order your copy of Volume Two fill in the slip below and post it, along with your remittance, to **East Lothian Council Library Service**, Library & Museums HQ, Dunbar Road, Haddington, EH41 3PJ. Tel 01620 828200. Please enclose a cheque (in pounds sterling) made payable to East Lothian Council.*

*Please telephone for details to purchase Volume One. Both volumes are on sale at all East Lothian libraries.*
